Cookies Policy

METRA on its own account or that of a third party contracted to provide measurement services, may use cookies when the user browses the website. Cookies are files sent to the browser by means of a web service in order to record the activities of the user during their time of navigation.

The cookies used are only associated with an anonymous user and his computer, and do not provide by themselves the user's personal data.

Through the use of cookies, it is possible that the server where the website is located recognizes the web browser used by the user in order to make navigation easier. They are also used to measure audience and traffic parameters, control the process and number of entries.

The user has the possibility of configuring his browser to be warned of the reception of cookies and to prevent their installation on his computer. Please refer to your browser's instructions and manuals for more information.

To use the website it is not necessary for the user to allow the installation of cookies sent to the website, or the third party acting on their behalf, notwithstanding the fact that it is necessary for the user to log in to each of the services whose provision requires prior registration.

In any case, cookies are temporary in nature with the sole purpose of making their subsequent transmission more efficient. Under no circumstances will cookies be used to collect personal information.

Privacy Notice

The privacy of your personal data is of great importance to METRA, which is why we inform you of our **Privacy Notice**.
